

Name: _____

WEATHER TRACKER

Key to the Living World Interest Badge

Track the weather for a day.

	Morning	Afternoon	Evening
Time:			
Cloud cover: (none/few/most/all)			
Precipitation: (none/rain/snow/hail)			
Temperature (in °C):			
Weather symbol:			

How much did the weather change during the day?

Name: _____

Track the weather for a week. Try to record at the same time each day.

	Mon	Tues	Wed	Thurs	Fri	Sat	Sun
Cloud cover: (none/few/most/all)							
Precipitation: (none/rain/snow/hail)							
Temperature (in °C):							
Weather symbol:							

Here are some weather symbols you could use:

- ☐ Make a "weather watcher" tool, such as a rain gauge. Use a clean jar. Leave it outside for a week and mark off how much rain fills the jar.

How much rain did you collect in one week? _____

- ☐ Try it another week and compare results.

How much rain did you collect in the second week? _____
